

Nebraska Section Younger Member Group:

The UNL ASCE Chapter will be holding it's annual Fall Kickoff Picnic and would like to invite the Younger Member Group to join us. The picnic will be held at Trago Park in Lincoln on Saturday, September 18th at 4:00pm. We will be providing hamburgers, brats, chips, and beverage for everyone. Activities such as flag football, sand volleyball, and basketball will be available. Please bring your families and/or significant others along too!

The picnic is a great opportunity for new Civil Engineering students to get to know other ASCE members. It also gives the new and existing members a chance to socialize with one another. The Younger Member Group has been very supportive of our Student Chapter in the past and we would like to continue the great relationship we have established.

If you are planning to attend, please RSVP to asce_unl@hotmail.com with the number of people attending so we know how much food to prepare. We would like to have the RSVP's by Sept. 15th. Trago Park is located just south of Vine Street on 22nd. If you need further directions, just let us know. We hope to see you all there!

Sincerely,

Amanda Larsen
UNL ASCE President
